
Michio Hoshino Collected Works 2003

cartography in japan 2007-2011 - the cartographic works carried out in japan over the past four years have been rather remarkable. not only ... yoshihisa hoshino, president, the japan cartographers association . 5 ... michio nogami (professor emeritus, tokyo metropolitan university) - 8 - **brain structure visualization using spectral fiber clustering** - most mobile music-works tend to isolate the public due to a focused use of headphones. the resulting isolation of the performer from the audience deprives both sides of the most important function of public performance: social interaction.
